

Religious Studies Assignment

Week commencing 15th April 2020

Watch the Assembly video which talks about Easter.

Think about your own response to the Easter story. How does it make you feel? Does the Lockdown make you see it any differently?

Take a while to consider your thoughts and response to the story then create something which shows how you feel.

It could be a poem, a picture or a piece of music. You could interpret your feelings though dance or photography.

Send your response in to me and I will share some of them on the website – so let me know if you don't want your shared!

Take your time – there's no rush for this one.

Mrs Mann
