

Parent and Pupil Expectations for Home Learning using online platforms.

To make our online learning platform areas a supportive and respectful place for parents, children and staff please can you ensure that the following rules are followed:

READY:

- **Be ready to learn:** use your Homework timetable. Make sure you have access to some pens, pencils, paper and check you have any printed resources you have been asked to organise or work on/from.

RESPECTFUL:

- **Use kind words and images:** think carefully about how your words may come across in a non-verbal, chat situation. No offense words, pictures or rude questions, please.
- **Be patient:** sometimes you may have a problem or question for a member of staff. Teachers will reply to messages and communications as soon as they are able to do so, dependent on their teaching timetable and other school commitments.

SAFE:

- **Be safe:** ensure that your computer/device has firewalls, ad blockers and systems in place to make it a safe place for your child to use. Please see the information we have emailed parents about setting up devices and the online safety information on our Home Working website:
<https://polwhelehinfor.weebly.com/>

This links directly to our Behaviour, Exclusions and Rewards Policy and School Rules of: Ready, Respectful & Safe.

Thank you.
