

STUDENT SHEET: REUSING PLASTIC BOTTLES (SNACK BOX)

Materials

- 2 or 4 pint milk bottle
- Self-sticking Velcro® pads
- Rule
- Marker pen
- Scissors
- Stickers (to decorate)

- 1**
- Prepare your area by clearing your desk and laying newspaper down.
 - Get all of your materials out.
 - Wash the bottle out with water.

- 6**
- Stick the Velcro® pad to the main part of the box.
 - Stick the tabs together.

- 2**
- Use the marker pen to draw out a semi-circle on each side and the front of the milk carton. These will be the flaps on your box.

- 7**
- Remove the back from the second pad and close the lid.
 - This will stick the second pad in the right place.
 - Make sure your pads are on properly.

- 3**
- Draw a larger semi-circle on the back. This will be your lid. Make sure the bottoms of the semi circles all match up.

- 8**
- Put in your snacks!

- 4**
- Squeeze the milk carton together at the top, and cut into it.
 - Cut into the top of the bottle.
 - Cut along the lines neatly.

- 5**
- Fold the flaps and the lid along the ridge in the milk bottle.
