

I am learning how to create marine animals using shapes.

Date 08.06.2020 Name:

Research which animals in our oceans are endangered and see if you can use 2-D shapes to draw pictures of them. This video might help you to find out which animals are in danger <https://www.youtube.com/watch?v=QBwXtCzY3w>

Here is a picture to help you. Which shapes have been used to create this marine animal?

Create a marine animal with the following shapes:
